The RUDDER is the official publication of the Lake Juliette Sailing Club. Statements and opinions appearing herein are those of the authors and do not necessarily represent the group position of the Lake Juliette Sailing Club. The editor reserves the right to edit all material for publication and to publish only that material which is felt to be in the best interest of the Lake Juliette Sailing Club

From The Editor

Every issue of the RUDDER is just a little different and on many of them, believe it or not, I try something new. This time was no exception and I learned a little more about the software packages that I use to produce this newsletter each month. I imported the '94 Series Results from a database package which I had not used before. It presented some unique challenges because the syntax errors I received were not listed in the user's guide. The only solution was to throw the book down and strike out on my own to solve the errors.

The RUDDER production is a little like sailing in that each time you go out, you participate in another opportunity to learn more about the dynamics of daysailing, racing, or cruising. Learning from the experiences of others is one of the easiest ways to learn about sailing but when that method fails we must press on using what many call common sense. It is these times when I am on my own and have to draw wisdom and strength from within, that I enjoy sailing the most.

This last year of being editor of the RUDDER has been interesting and challenging and as I look back at the issues of '94, I see some that I really like and some that I don't think turned out so good. I appreciate all the great comments about how much each of you like the RUDDER, especially when it comes from someone who I think is doing so much for the Club themselves. Each year we have new people step forward to help administer and direct the Lake Juliette Sailing Club and each year when their "tour" is finished they say "It was not as hard to do as I thought it would be, I had a lot of help from everyone." That's what a team is all about. Don't be afraid to step forward this year to help, You will get all the help you need. Trust me, I know because I have.

MAINSHEET:

-By Garland Corbin

HAPPY NEW YEAR !!

1994 - Gone!! 1995 - the year to sail more !!
As John Drawe gently reminded me: this IS next year!! After 11 months of practice; I had just become comfortable with writing '94, during the December Christmas shopping.

In reviewing last year's schedule I would like to give a big "THANK YOU" to all who contributed to make 1994 LJSC activities successful. A special "Thank You" from all LJSC members is in order to editor, Bob Horan, for keeping us informed all year (and for de-ciphering my hieroglyphics!!)

In keeping with the spirit of renewal I would like to share my new Year's resolutions;

- 1) Jan-Mar: Work less; Sail more!
- 2) Apr-Jun: Worry less; Sail more!
- 3) Jul-Sep: Travel more; Sail more!
- 4) Oct-Dec: Make sure I keep my '95 resolutions:
Sail More!!

I hope to see each of you at the
"After Christmas Party"

Happy Sailing!!

Garland

Notices

The next club meeting, the Annual After Christmas Party and Membership Meeting will be held on Saturday the 21st. at the Camp Martha Johnson Lodge a couple of miles south east of Lizella. (See map and info fold -out). This is one of most important events of the year because it is where we start signing up members for the new year, we talk about what we want to do in the way of events and who will be at the helm of our fine sailing club. We all bring food and play games, sing & dance, and tell sea stories in front of a warm fire. Plan to bring some food and a few extra dollars for steaks and dues for '95

We have a number of members who live quite a distance away and during the holidays I received some information from some of them and I thought I might share some of it will Y'all. Some of the address I have listed are recent changes and you may want to note them in your address book or phone directory.

Michael and Rhoda Bryant live in Biloxi, Miss. and write that the sailing is great and that they say "Hi" to everyone and if you are in their area give them a call (601) 435-1511. Their address is: 304B LaSalle Dr. Biloxi, MS. 39530

Don, Cindy, Jason & Nikki Masingale write to say "Hello" and that they want to renew their membership and keep in touch with the friends they left behind. Their address is: 315N. Brookwood Dr. Derby, KS. 67037 (316) 788-4626

From The Glennon's

Well the big news this year is Shala is 4 1/2 months pregnant. Yep and we are expecting the kid to arrive sometime around the end of May 95. We have been checking out all the baby stuff and thinking of a baby room now! We are looking forward to May getting here and have a new addition to our family.

The trip to Germany was great. We visited my mothers family, visited the black forest, the Alps, Heidelberg and the Bavaria region (the southern parts of Germany). We were over there for two weeks in September. The weather was fair. We had to put up with some rain but we still enjoyed the vacation. The country side was beautiful. The German life style was enjoyable and looking forward to seeing some of the family in the USA in years to come.

Well that is all the big news. Some minor stuff is we now own a mini van and it looks like we are going to need it with a kid. I still have the sail boat and enjoy bringing it to the Gulf and getting some off shore sailing. We had two big sailing adventures: We spent 4 days on the boat in Panama City, FL during Memorial Day weekend and 3 days on the boat sailing around Pascagoula, MS and out to the outer islands (Petty Boy Island, Dauphin Island). We are think of doing something similar next year.

I have become active in the United States Coast Guard Auxiliary again and enjoyed the many river and lake patrols. The biggest event with the Auxiliary was a 4 day trip in May down the Alabama River. We started at Fort Toulouse (above Montgomery). This is where the Coosa and the Tallapoosa Rivers join and form the Alabama River. We traveled down the Alabama River to the Mobile Bay (Three locks and 2 nights on a 20 foot power boat!). Really enjoyed the trip and enjoyed the natural beautiful views the river has to offer.

Well that's about it for 1994. Happy New Year. Hope to see ya in the new year.

Michael and Shala Glennon
